RO + UV Water Purifier

COMPANY PROFILE

About- The Manufacturer

Why do we need water.....

Water regulates body temperature, moistens oxygen for breathing, and cushions vital organs and joints, helps to convert food into energy, helps the body to absorb nutrients, eliminates waste products by metabolism, also cushions the joints, carries nutrients and oxygen to all the cells, helps in blood circulation.

Interesting Facts About Water

Do you Know that water, you used to intake daily contains :

- 1) Physical Impurities like suspended particles, sand, dirt, dust, rust, silt, color, turbidity etc.
- 2) Microbiological Impurities like germs bacteria & viruses.
- 3) Toxic Chemical Impurities like mercury, chromium, arsenic, lead, fluoride, etc.
- 4) Dissolved Impurities like heavy salts, calcium, Magnesium, Sodium etc.

Why U Opt for Classic Aqua Fresh.....

- 1) We design the system as per requirements.
- 2) We do optimum utilization of technologies.
- 3) Wide range of available models.
- 4) Unmatched relation years to years.
- 5) Customer relation years to years.

What Is Aquafresh

AQUAFRESH has come up safeguard you & your family against any kind of water borne diseases, with its unique & stringent Water Purification System that match the international standards in their bron to deliver pure drinking water.

AQUAFRESH is a technological revolution, it's a miracle, its pure, it's a genius.....is what its numerous users call it.

AQUAFRESH claims to be one of the most advanced water purification Systems with technology that matches the international standards. Within a short span of its originating, Aquafresh has become popular amongst all walks of people. Aquafresh is determined to make its countrymen healthy. The overwhelming patronage that Aquafresh has earned is not just by chance, but it involves some extraordinary efforts, hard word & vast experience of its manufacturer -PZONE ELECTRONICS (P) LTD., which has been continuously engaged in manufacturing Water Purification Systems for the last.

Water... In Its Purest Form !

Classic AQUAFRESH PIO

Patent Design No. 288273

- Dimension with box : 420x245x585 (mm)
- Power Supply : Input - 110V to 300V AC : Output - 24V DC = 2.5 AMP
- Weight : 8.00 Kg Apx.
- 13 Ltr. Storage Tank
- Capacity : 10 to 15 Ltr./hr.
- Water Quality : 1500 ppm (TDS Max.)
- Wall Mount.
- Food grade Virgin Material.

MG RO-2- AQUAFEEL

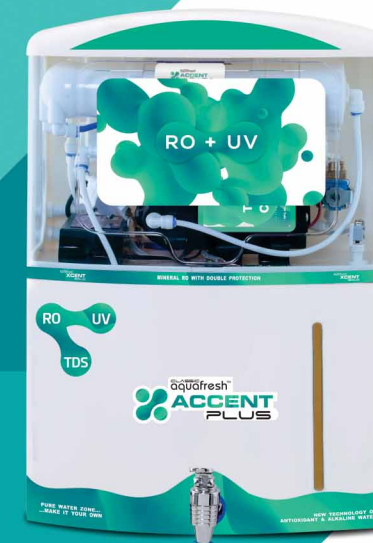

- Dimension with box : 420 x 245 x 570 (mm)
- Power Supply : Input - 110V to 300V AC : Output - 24V DC = 2.5 AMP
- Weight : 8.070 Kg Apx.
- 12 Ltr. Storage Tank
- Capacity : 10 to 15 Ltr./hr.
- Water Quality : 1500 ppm (TDS Max.)
- Wall Mount.
- Food grade Virgin Material.

Classic AQUAFRESH ACCENT PLUS

Patent Design No. : 277300

- Dimension with box : 420 x 260 x 570 (mm)
- Power Supply : Input - 110V to 300V AC : Output - 24V DC = 2.5 AMP
- Weight : 8.070 Kg Apx.
- 12 Ltr. Storage Tank
- Capacity : 10 to 15 Ltr./hr.
- Water Quality : 1500 ppm (TDS Max.)
- Wall Mount.
- Food grade Virgin Material.

Classic AQUAFRESH CANDY

Patent Design No. 279026

- Dimension with box : 435x300x560 (mm)
- Power Supply : Input - 110V to 300V AC : Output - 24V DC = 2.5 AMP
- Weight : 9.190 Kg Apx.
- 15 Ltr. Storage Tank
- Capacity : 10 to 18 Ltr./hr.
- Water Quality : 1500 ppm (TDS Max.)
- Wall Mount.
- Food grade Virgin Material.

MG RO-3 DOLPHIN

- Dimension with box : 345 x 305 x 450 (mm)
- Power Supply : Input - 110V to 300V AC : Output - 24V DC = 2.5 AMP
- Weight : 8.070 Kg Apx.
- 9 Ltr. Storage Tank
- Capacity : 10 to 12 Ltr./hr.
- Water Quality : 1500 ppm (TDS Max.)
- Wall Mount.
- Food grade Virgin Material.

CLASSIC NOVO

Patent Design No. : 277300

- Dimension with box : 420 x 260 x 570 (mm)
- Power Supply : Input - 110V to 300V AC : Output - 24V DC = 2.5 AMP
- Weight : 8.070 Kg Apx.
- 12 Ltr. Storage Tank
- Capacity : 10 to 15 Ltr./hr.
- Water Quality : 1500 ppm (TDS Max.)
- Wall Mount.
- Food grade Virgin Material.

Water - Some Facts

One of the most essential elements that the almighty God gifted, perhaps, only to our planet - Earth and Water. Water, which is so essential for life, that one can't think of living without it for even a single day. And that might be the reason why our body constitutes of around 75% of water. Water regulates body temperature, moistens oxygen for breathing, protects and cushions vital organs and joints, helps to convert food into energy, helps the body to absorb nutrients, eliminates waste products by metabolism, carries nutrients and oxygen to all the cell & helps in blood circulation. Besides drinking, it has so many uses that we need this nectar in the form of water every now and then. Water is used for drinking, cooking, washing, bathing, cleaning, construction & other numerous reasons. But the most important part, amongst all, is drinking & cooking. And for the purpose one needs water that may be clean, pure, odourless & free of contamination.

Water gets contaminated due to various factors like suspended particles, dust, dirt, sand, rust, silt, colour, turbidity, germs, bacteria, viruses, & toxic chemical impurities like mercury, chromium, arsenic, lead, fluoride, dissolved impurities like heavy salts, calcium, magnesium, sodium etc. Whatever the reason may be, but the water, in order to become potable should be cleared of all these contaminations. In the developing countries, around 80% of illnesses are water related. Since the agencies responsible for supplying potable water to general masses in our country have failed to meet the standards, people are running a great risk of falling prey to number of deadly water borne diseases like, Jaundice, Hepatitis A, hepatitis B, Diarrhoea, Viral Fever, & a number of other liver affecting diseases.

One decade. All through these years the company has developed some of the products that have earned the company its name.

Established around 10 years back, the company has gradually niched its place in manufacturing of high quality -

- (1) Water Purification Systems
- (2) RO Systems (Reverse Osmosis Systems)
- (3) Softener Plants

In the wake of always increasing competition in the market, the company has launched & promoted its products with three brand names v.i.z.

- (1) CLASSIC AQUAFRESH
- (2) PZONE

All these brands have gained popularity because the products manufactured under these names are manufactured by technically sound people. The company provides prompt after sales service, which is the key factor behind the success of every successful company. The company adheres to stringent quality control norms where each and every product is passed on to its valued customers after various quality checks. The intelligent R&D Department is always in a quest to innovate new possibilities thru the latest of technology available in the international markets.

Our smart marketing division, EUROCARE ENTERPRISES, EAUGURD PVT. LTD. makes sure that these state of the art products are made easily available for each & every household because we understand that every one has the right to healthy living.

Converting Water Into Nectar

Now the problems arise that how to make the water free of contaminations or, in other words, fit for drinking. Traditionally people used to adopt various methods for the purpose, v.i.z. Adding Chlorine into the water, Boiling & Filtering of water. Some even tried keeping the water in direct sunlight. But nothing worked successfully. Germs & bacteria are prone to hit back soon after boiling & filtering. Keeping in direct sunlight but could not purify & remove the odour. So the problem stands tall as to how does get pure, odourless drinking water.

MINERAL POT Water Purifier

- Storage 20 Ltr.
- Permissible Water Quality-600 ppm (TDS max.)
- Dimension with box : 10.875 x 10.875 x 19.875 inch.
- Weight : 2.400 Kg Apx. Without Water

5 stage filter

Mark of Quality & Faith

Any art is useless without its viewers, and similarly all the manufactures products are useless until there are its takers. All our dedicated inventions & innovations are the work of inspiration of our esteemed patrons. The result of this can very well be felt by having a look at the widest range of products the company has been handling. At times we become selfish enough to take customer feed back on regular basis frm the users of our products & that has always helped us in improving our products & this is followed by an overall drastic growth in the company's financial books.

The goodwill & customer faith earned by the company is neither fake nor fluke. But to prove the point, the company has on it's walls, certificates of approval & appraisal for the company's dedicated efforts & quality products, awarded by various concerned authorities.
